500 FLY

Flybridge line

Meet one of the most stunning and innovative yachts of the decade. A four-time yacht of the year winner, with amazing features, superb performance and a luxurious, bespoke interior it may just be the best boat in its class.

Galeon 500 FLY revolutionized the market by introducing solutions previously seen only on high-end, custom designed units. The transformable bow, rotating cockpit area and, most notably, the Beach Mode were the highlights noticed by customers and industry professionals alike.

Named the European Powerboat of the Year 2016 and recipient of several other accolades including the IBI Boat Builders Award it proved once and for all it belongs in the upper echelon of luxury crafts worldwide.

Choose between a full-sized garage with a sun pad on top, a classic L-shaped sofa and crew cabin setup or the innovative roto-seat option that includes a compact garage. All three layouts will let you take full advantage of the unique Beach Mode option that extends the width of the cockpit to a stunning six meters by dropping down both the port and starboard sides.

The bow rest area comes with a transformable seating arrangement quickly altered into a proper sundeck if needed. Select the optional, soft top bimini for extra protection. Up top, the sizable flybridge comes fitted with a wet bar, sundecks and a second helm station for easy maneuvering. With two different garage options and a powerful hydraulic bath platform you can choose between a variety of engaging water paraphernalia.

A bright interior of the saloon is fitted with leisure and dining areas as well as a functional helm station with great visibility. Serve refreshments straight from the galley or set up an outside bar to your guest's amazement. Down below, find three cabins and two bathrooms for a total of six berths. The master, located midship, holds a double bed, large wardrobe and a private bathroom. The bow VIP cabin offers spectacular night views thanks to a series of skylights while the third guest cabin can be turned into a study, wardrobe or an additional leisure area.

500 FLY

The cockpit area comes in three variants: a large garage with a sun pad, crew cabin or the roto-seat

Supreme handling and performance

The stunning exterior of the 500 FLY

500 FLY

Beach mode

The incredible beach mode extends the available beam to six meters! Serve drinks to the port side bar for your guests enjoyment.
